COVID-19 UPDATE
April 15, 2020

Federal Updates

- We have been communicating with Members of Congress, including Senator Rubio’s office, on CARES ACT II to ensure the golf industry is represented appropriately as they consider adjustments to the PPP program in forthcoming legislation.

- We’re currently gathering data on what the current impact on jobs (e.g., layoffs, furloughs, etc.) the exclusion of Code 71, (c)(6) & (c)(7) is having on the golf industry and the 14,600 golf courses across the country.

Media Coverage

Illinois – Pekin Country Club Golf Course Closes After State Police Intervene
Fox News – New Yorkers keep sneaking onto golf courses despite stay-at-home orders
Michigan – Michigan Gov. Whitmer says golf courses can’t be open but enforcement rules aren’t clear

State Updates

- Florida – President Trump’s Doral golf resort was forced to lay-off 560 workers this week. The resort has been closed since mid-March due to the coronavirus outbreak. Please click HERE for more.

- North Carolina – The Asheville Municipal Course was approved to reopen last week, and a story on it’s reopening was recently published on Golf.com. We can confirm that as of today, April 15, the course has decided to close all golf operations due to more city mandates.

- States with an Executive Order but courses can remain open for play:
  * Certain jurisdictions have issued closures

- States with an Executive Order and required course closures but maintenance allowed:
  o Alaska, Illinois, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, Nevada, New Mexico, New York, Pennsylvania, Vermont, Washington, Wisconsin

- Executive Order issued with required course closures and maintenance not allowed:
  o None currently

- Executive Order issued but clarity needed on the impact to golf courses:
  o None currently
